W.M. R.S.

Champion Takes Second Money. At Vulcan

Vulcan was the principal patronized from Champion on May 24th, where the Elks "Fun Fairs," was the attraction, coupled with the fact that the Champion ball team played there on Saturday and Monday, meeting Red Cross in the first game, which was won 9-13, while Staveley took the long end of an 8-7 score on Monday.

A seven run lead secured early in the game practically settled the Saturday fixture with Red Cross, and the chief interest after was a ninth inning rally by Red Cross, which looked dangerous for a time, but was finally ended several runs short of winning. Liefer, Thiel and Nelson were in the thiels for Champion.

On Monday the old rivals, Staveley and Champion, took the field. What promised to be an exceptionally fast game was marred in the third inning when the Champion battery was put out of action, Olson with a spiked foot and Liefer with a badly damaged thumb which he received from a hot grounder he attempted to handle. Thiel replaced Liefer and Billy Reor caught the remainder of the game. Thiel gave way to Silver before the third inning was over, the latter pitching a splendid game, interest being maintained at fever heat until the last innings when the score stood 8-7 in favor of Staveley. E. Kiever was umpire and if he had been allowed to run the game would have made a fair success of it. Frequent disputes and wrangling partly spoiled what would otherwise be a good game.

The crowd was one of the largest ever seen at a ball game in this part of the country and they stayed to the finish.

The crippled Champion team played the league game at Staveley on Wednesday afternoon, losing by a score of 7-1. Thiel in the box played a fair game but tagged support allowed the score to be made without an earned run by either team. Quite a number from Champion took in the game, although visitors from here were limited by the fact that the stores were kept open on Wednesday afternoon.

Election Day June 28th

Monday, June 28th has been finally selected as the date for the Alberta, nominations taking place on June 18. Evidently the government did not consider their chances would be improved by a long discussion of affairs as this campaign will be as short as it could possibly be.

Rev. Todd, of Reid Hill, who was to preach here on Sunday was taken ill with appendicitis and operated on in the Holy Cross hospital, Calgary. Rev. Hunt, of Barons, taking his place on Sunday.

Rev. S. R. Hunt Comes to Champion

The following note from Rev. J. Lee from Edmonton will prove of interest to our readers: "The Alberta Conference of The United Church concluded its sessions on Monday afternoon. There were 270 delegates present. Rev. G. D. Armstrong, Cornation, was elected president, and Rev. Wm. Grant, Edmonton, secretary. I am first assistant secretary. Four young men were ordained into the ministry on Sunday last. It was a good conference. Following are some of the charges of ministers in High River Presbytery: Champion, Rev. S. R. Hunt; Claresholm, Rev. J. W. Dalgleish; Parkland, Rev. J. L. Wright; Staveley, Rev. E. Davidge; Blackie, Rev. F. Letts; I go to Barons. Lethbridge Presbytery changes become effective on July 1st.

Chronicle Ends Seventh Year

This issue completes The Chronicle's seventh year. In asking subscribers to take note of this matter we believe the majority of our readers will respond to the request to pay arrears at their earliest convenience. There is not so much money in running a small paper that the failure to pay for two and three years or more if not keenly felt in handling the business. A great deal of the trouble arises from carelessness and forgetfulness. The amounts due are small—it is the large number of them that makes them important. Please see that your subscription is paid.

Want Sports In Champion

There is a definite feeling on the part of residents in this vicinity that Champion is a little slow in the way of putting on a ball tournament or other day of some kind. The people turn out freely to the offerings at other points and would only be too pleased to attend a Champion programme. Baseball is the principal game being played in this part of the country so that is probably what is expected. It is now practically the first of June and if anything is intended for this month the most likely date should be selected at once.

The W. I. convention opened at 8 o'clock on Tuesday evening at the Paliser hotel, Calgary, when Mrs. J. N. Beaubier replied to the address of welcome. Mrs. Beaubier will remain in the city until after the Grand Chapter of the O. E. S. meets.

Mrs. W. S. Ryan and son Del left for Ontario recently, where they will spend the summer. Mr. Ryan has been appointed relieving manager for the Canadian Bank of Commerce and will be away from town most of the time in consequence.

Provincial Elections June 28.

Hurlbut Shoes For Children

We now have a complete stock of Hurlbut lines in Straps and Sandals for dress and everyday wear.

FRED THOMPSON AND HIS HORSE SILVER KING IN "The Wild Bull's Lair."

The mystery of the supernatural—the brooding spirit of evil, hovering over the seared mountain—screams in the night—a cattleman, goaded to death—wild howlings—the gigantic figure of a bull, silhouetted against the sky. A renegade Indian—an untamable bull—the bison strain, crossed with the great wild creature—the red man's plan to revenge himself on the whites—the "haunted" mountain—the huge, spectral creature who ruttles earth and drives herds away—but that bound harmlessly from his iron hide—the terrorized outcoun—and one man to save them—Pulsating drama, in a new form—western background—a giant bull—a maddened, half-crazed Indian—a lovely girl—a stubborn father—a brave man's strength—and "Horse Sense" as only Silver King can exhibit it!

THURSDAY, MAY 27, 1920

NOTES AND COMMENT.

This issue completes The Chronicle's seventh year. Seven years in retrospect naturally does not seem as long as seven years in prospect, but even at that it is a long time. During this period this country has been, at one period, at about as low an ebb as was possible to continued existence, but fortunately the tide turned and we are again on the road to prosperity, although many scars of the storm of the hard years still remain. Life is not all roses anywhere and an attempt to improve on Southern Alberta frequently ends unsatisfactorily for the person trying it. In spite of unfavorable seasons there are very few places where the agriculturist reaps more from what he sows. There may be better places but when one starts out to seek them they are very, very difficult to find. Seven lean and seven fat years were foretold for the Egyptians. We believe everyone will join us in hoping that the next seven years will be the fat ones for this portion of Alberta.

Baseball is a splendid game but if it is to continue popular some means must be found to prevent continual disputes, such as occurred at Vulcan on Monday. There is an umpire in charge of the game and if he was permitted to conduct it to the best of his ability he would usually be reasonably fair to both contending teams. But when every player on the field and numerous spectators are allowed to interfere and argue at length on decisions made the average spectator does not enjoy the babel produced. If something is not done speedily to eliminate this feature from the games the days of baseball's popularity are nearly numbered.

We are again off in an election campaign which, fortunately perhaps, promises to be a fairly short one. In this constituency, with three candidates in the field, there should be every opportunity for electors to hear and weigh the proposals of all the contenders and vote accordingly where their minds are not made up fully before the campaign starts. What is badly needed to put heart into this matter as well as many others is rain and then more rain. This dry, windy weather is not favorable even for election purposes.

NEWS NOTES

The first of several parties of prospective land-buyers and homeseekers from the United States to come to western Canada this season under the auspices of the Canada National Land Settlement scheme, reached Winnipeg last week with Capt. L. M. Boyd, superintendent of colonization for the National Railways at St. Paul, Minn. The party which consisted of 34 experienced farmers from Minnesota, Dakota and

Nebraska, are looking over the Bato district in Saskatchewan with a view to purchasing farms. Practically all of them have just finished seeding the land which they still own in the States. If they secure farm in Canada, they intend to transfer their stock and machinery and be ready to begin operations next spring. Several farmers who purchased land in the western provinces last year have moved their equipment from the States and are now engaged in mixed farming with a crop already in.

In an address at the annual banquet of Canadian National employees at Toronto recently, Sir Henry Thornton said that before long, sooner than most people think, the National Railway will not only be self-sustaining, but will also return a profit to the public treasury. Sir Henry also commented on the growing regard in which the public was holding the service of the system and attributed the achievement of this good will to the loyalty of the employees.

The last ten days of May will see 3,430 new settlers from Great Britain and Europe land at Halifax and Quebec, the majority of them coming to western Canada over Canadian National lines to take up farms or engage in agricultural work for others.

The Etiquette of Golf.

1. Players who are learning the game or delaying the following players to pass them if they desire to do so.

2. No one should stand close to or directly behind the ball, move or talk, when a player is making a stroke.

3. The player who has the honor should be allowed to play before his opponent tees his ball.

4. No player should play from the tee until the party in front have played their second strokes and are out of range, nor play up to the putting green till the party in front have held out and moved away.

5. Players who have "holed" out should not try their puts over again when other players are following them.

6. Players looking for a lost ball should allow other matches coming up to pass them; they should signal to the players following them to pass, and having given such a signal, they should not continue their play until these players have passed and are out of reach.

7. Turf cut or displaced by a player should be at once replaced and pressed down with the foot.

8. A player should carefully fill up all holes made by himself in a bunker.

The "Etiquette of Golf" should be as binding upon players as the other rules of the game.

The West, a New Tourist Land

The tourist has before him one of the most fascinating lands imaginable. Whether he desires to travel by train or steamboat, automobile or canoe, whether his tastes incline to palatial

hotels, bungalow camps, or tents, he will find ample satisfaction for every wish. Hunting, fishing, and visiting mining camps are all easily compassed; should he be a canoeist he can drop his craft into the Saskatchewan or the Assiniboine and paddle over old fur-trader routes even to Hudson bay; or if he seeks a new thrill he can travel in commodious modern steamers down the Mackenzie river system to the land of the midnight sun and the Arctic ocean.

Where every section has its tourists areas it is possible to mention only a few. In the east there are those about the three big lakes, Winnipeg, Manitoba, and Winnipegosis; in the north is the rugged forest country, full of big lakes and rivers, the Mecca of the hunter and fisherman; the Saskatchewan valley is shared by all the provinces; the famous Qu'Appelle valley is in the centre; and along the western edge are the Rocky mountains and foot-hills. On this slope of the Rockies are the largest of Canada's national parks, Jasper park in the north, Banff park in the centre, and Waterton Lakes park in the extreme south. All these recreation centres have their appeal and not least these mighty mountains, with their forest-lined valleys, their upland gardens, their glaciers and snow-fields, and their uncounted peaks, many of whose summits have never yet been scaled by man and which invite conquest by the energetic and the adventurous.

Any good auto varnish has been recommended as an excellent application for stove and furnace pipes. It is claimed to be heat resisting and can be washed with soap.

THE CHRONICLE, Champion.

Local and General

H. Drummond has purchased a Hudson Brougham from A. Kramer. It is a handsome car.

A few of the members of the C. W. L. met at the home of Mrs. J. W. Miller Thursday last. A very nice afternoon was spent and a dainty lunch was served by the hostess.

Dr. McMillan, provincial veterinarian, was here last Friday and tested Alex. McDougall's herd of Shorthorns, giving them a clean sheet. Mr. McDougall is shipping three bulls to the Lacombe live stock sale on June 1st.

Plans for the development of platinum claims on the northern border of Alberta involve the use of aeroplanes. One of these planes has already arrived in Edmonton and is being put into shape by those interested in the development of these claims.

Several new wells are being spudded in at Turner Valley Oil Fields, and will be under way during the next week or two. In the Wainwright field east of Edmonton, recent developments include the striking of further pockets of gas, in wells being drilled there.

The auto tourist season in Alberta is now in full swing, fully two weeks earlier than last year. Already the big auto camp at Calgary has recorded the visit of 140 tourists since the beginning of May. The Banff-Windermere highway is now open for traffic, and the Alberta end of the highway, from Calgary to Banff, which has been open all winter, is in excellent shape and is witnessing a very heavy tourist traffic. The prospects at present are for the

heaviest tourist season in the province's history.

Mr. and Mrs. Horace Gill and family spent the 24th in Lethbridge, Mrs. T. Gill returning home with them.

V. McLeod, of the Canadian Bank of Commerce staff, returned from an extended visit to points in Ontario and the States last week. He shows every indication of having had an extremely pleasant holiday.

Galt Hospital, Lethbridge

First-class Hospital Service at reasonable rates.

Private, Semi-Private, and Public Ward accommodation for surgical and medical cases.

Separate Case Room for obstetrical purposes.

X-Ray, Bio-Chemical Laboratory, and all modern hospital facilities controlled by fully trained operators.

Registered Graduate Nurses in charge of each floor.

Under direct supervision of Provincial Department of Public Health affording maximum protection to public.

School for nurses.

Inspection invited. Write for full particulars. Enquiries willingly answered.

Local and General

Mrs. A. Diemert is in Calgary for medical attention.

Mrs. A. W. Jopling is in Vulcan for medical treatment.

No one in Frances is permitted by law to earn more than \$20,000 a year.

The attention of golf enthusiasts is drawn to an article on "Golf Etiquette" appearing on another page.

Jopling Bros. received a new Allis Chambers tractor this week which will be used in plowing on their farm.

The front of Sam Fong's cafe was painted during the week and a neat sign improves appearances considerably.

Mrs. R. I. Starr and Mrs. F. Starr motored here from Browning, Montana, to visit Mr. and Mrs. Frank Starr.

The Champion basket ball team played at Claresholm on Thursday, May 20th, losing a good contest by a score of 6-10.

D. W. Harper's billiard parlour now carries a complete sign which gives a more finished appearance to the front of the building.

Considerable damage from cut worms is reported from parts of this district. The high winds have also taken serious toll.

Mr. and Mrs. G. A. Manhard drove to Blackfalds for the holidays, taking Mrs. Hammel to Carstairs and Miss Chase to Drumheller.

W. F. Harvey, of Milo, is census commissioner for the electoral district of Bow River. The census will be taken on a date to be fixed during the month of June.

The Vulcan basket ball team proved to strong for the local team at Vulcan on May 22, the score being 26-7. Champion was weak in passing and netting the ball.

Rev. R. J. and Mrs. Mosser are spending the week at High River. There will be no Lutheran service here next Sunday as Mr. Mosser will conduct service in Calgary on that day.

Born—At Oskis, Minnesota, on Saturday, May 23, to Mr. and Mrs. Royal Ruggles, (late of the Guess Ranch) a daughter. The great-grandfather writing to his son, J. A. Ruggles, states it is the best looking great-grandchild he has seen.

A note from Paris says that when women started wearing dresses shortened to their knees they added five years to the length of their lives. And two feet to the length of their legs. When they cut their fingernails in half and decided to go out in the cold with only two layers of clothing they added another five years. It is plain from this that if the ladies want to add another five years they will need to be darned careful.—Winnipeg Free Press.

About 5,000,000 workmen are unemployed in Europe, most of them receiving doles from their governments.

The wood used for making the best violin bows comes from the swampy forests of Brazil.

An average of more than two people per day were killed in street accidents at London, England, last year.

CHURCH BULLETIN

Rev. J. Lee announces the following services for Sunday next, May 30.
11 a.m.—Sunday School.
3 p.m.—Service at Blusson School.
7:30 p.m.—Night Worship.
Mr. Lee will conduct all services.

If after blacking a stove, linseed oil is applied with a woollen rag and a slow fire kept till it dries, rust will be prevented and a lasting varnish given.
